

NOT BUILT FOR PRESS WORK.

DID THE HEAVY PRESSERS BRING DOWN THE TAYLOR BUILDING?

Architect Van Norden, who planned the building, said today that the heavy pressers brought down the Taylor building. He said that the pressers were not built for press work, but for the purpose of holding up the building. He said that the pressers were not built for press work, but for the purpose of holding up the building.

Van Norden said that the pressers were not built for press work, but for the purpose of holding up the building. He said that the pressers were not built for press work, but for the purpose of holding up the building.

CAME FROM CANADA TO BE FLEECED.

A Watchdog Detective Haves Minneapolis from Paying \$500 for a Little Girl.

A light-colored Italian alligator-skin bag lay on Justice Wallace's desk in the Yorkville Police Court yesterday afternoon. When the contents were exposed to view there was a great deal of money among them. The bag was divided into two parts. One was empty, but the other contained a wooden box in which were tightly packed five small bags of gold.

Minneapolis is a carpenter in a small town twenty miles from Montreal. He can speak very little English, and can neither read nor write. About two months ago he received a circular from a green goods concern in this city. The letter was written in French.

He knew, however, that he was taken into a house and up stairs to a room where several men were waiting for him. He was told to go to the bank and get \$500.

He went to the bank and got the money. He was told to go to the bank and get \$500. He went to the bank and got the money.

TESTING A RIFLED MORTAR.

NOT ENOUGH OF THE PLATE LEFT TO HAVE ANY FUN WITH.

A recent test will give an idea of the effect produced by the rifled mortar shells on a ship's deck. A few surprises.

It only took one shot yesterday to demonstrate how little resistance the deck of the most modern armored cruiser would offer to one of our big new land guns. The twelve-inch breech-loading steel-hooped, steel-lined, cast-iron mortar was officially tested at Sandy Hook to settle the question of its penetrating power.

A steel shell weighing 624 pounds was sent whizzing through a solid steel armor plate four inches thick. It didn't exactly bore a hole through the huge plate, as it was expected to do, but it carried away a portion of the plate instead.

Four shots were to have been fired, but after the first one there was not enough of the plate left for the other three to have any fun with. The test was one of the most important which has been held, and a large party of army officers was present.

Arrangements had been making for the test for some time. The plate, ten by five feet in size, had first to be wrought and the big shells turned. That took the Bethlehem Steel works some time to do.

Then the plate had to be put in position at the Hook. Heavy timbers were sunk in the sand to hold it and carboys of sand were piled behind it to make the target substantial. The mortar was mounted on an Easton and Anderson carriage, which stood on a solid concrete foundation.

The test was made by the War Department. The test was made by the War Department. The test was made by the War Department.

AT THE MONMOUTH COUNTY FAIR.

Seventeen-year-old Billy Weston Surprised the Country Folks.

ASHBURY PARK, Sept. 3.—The fourth day of the Monmouth County Fair attracted a crowd that filled the grand stand and exhibition buildings to suffocation. The day was devoted to the program of the Governor's Day, but a telegram was received from Gov. Abbott saying that he had been detained by important business.

This afternoon the interest centered on the race track. There were four races on the card, and the betting was spirited. The first race was a free-for-all mile heat, in which Billy Weston, a seventeen-year-old boy, won.

The second race was a half-mile heat, in which Billy Weston won. The third race was a quarter-mile heat, in which Billy Weston won. The fourth race was a eighth-mile heat, in which Billy Weston won.

The fifth race was a quarter-mile heat, in which Billy Weston won. The sixth race was a eighth-mile heat, in which Billy Weston won. The seventh race was a quarter-mile heat, in which Billy Weston won.

The eighth race was a eighth-mile heat, in which Billy Weston won. The ninth race was a quarter-mile heat, in which Billy Weston won. The tenth race was a eighth-mile heat, in which Billy Weston won.

The eleventh race was a quarter-mile heat, in which Billy Weston won. The twelfth race was a eighth-mile heat, in which Billy Weston won. The thirteenth race was a quarter-mile heat, in which Billy Weston won.

The fourteenth race was a eighth-mile heat, in which Billy Weston won. The fifteenth race was a quarter-mile heat, in which Billy Weston won. The sixteenth race was a eighth-mile heat, in which Billy Weston won.

The seventeenth race was a quarter-mile heat, in which Billy Weston won. The eighteenth race was a eighth-mile heat, in which Billy Weston won. The nineteenth race was a quarter-mile heat, in which Billy Weston won.

The twentieth race was a eighth-mile heat, in which Billy Weston won. The twenty-first race was a quarter-mile heat, in which Billy Weston won. The twenty-second race was a eighth-mile heat, in which Billy Weston won.

The twenty-third race was a quarter-mile heat, in which Billy Weston won. The twenty-fourth race was a eighth-mile heat, in which Billy Weston won. The twenty-fifth race was a quarter-mile heat, in which Billy Weston won.

The twenty-sixth race was a eighth-mile heat, in which Billy Weston won. The twenty-seventh race was a quarter-mile heat, in which Billy Weston won. The twenty-eighth race was a eighth-mile heat, in which Billy Weston won.

The twenty-ninth race was a quarter-mile heat, in which Billy Weston won. The thirtieth race was a eighth-mile heat, in which Billy Weston won. The thirty-first race was a quarter-mile heat, in which Billy Weston won.

THIRD DAY AT CREEDMOOR.

MANY PRIZES CARRIED OFF BY THE ZETTLER RIFLE CLUB.

R. Findley won the Military Championship of the United States—Continuation of the Shooting in the Other Matches.

A field-shooting wind played tricks on the marksmen who attended the third day of the National Rifle Association at Creedmoor yesterday. The wind was so strong that it was impossible to shoot at the targets.

The Zettler Rifle Club won many prizes. The Zettler Rifle Club won many prizes. The Zettler Rifle Club won many prizes.
